LEADERSHIP COUNCIL ANNOUNCED

Beginning in February members of the Lancer football team will begin monthly meetings designed to

improve team Leadership.

Players from every grade level have been selected to participate in monthly meetings and a book study with Coach Lee that will include discussion guides and curriculum.

The meetings will be held on the second Saturday of each month at a sponsored restaurant and will include lunch for all participants.

All council members will each receive a copy of the book *The Leadership Playbook* that is packed full of practical insights and stories and a Lancer Leadership Curriculum.

The coach might set the vision for the team but the players carry it out. The coach may define the culture but the players make it happen. Ultimately, we want our council to become our most valuable leaders while at the same time developing future leaders.

Players will be assigned two chapters a month as well as questions from the curriculum that will drive discussion during the lunch time meetings.

The goal is to provide an opportunity for players to not only understand how to lead but also how to model leadership and set a winning culture.

The Leadership Playbook will conclude in June. New members to the council may be added when the next book study begins for the summer component.

EIGHT STRAIGHT YEARS OF WINNING LANCER FOOTBALL
